Friday, September 13, 1929

## By and of the People

Because local government affects the purses and welfare of all citizens even more than does national government, Narberth voters will do well to show at least as much interest in Tuesday's primary as they did in the national campaign of last year—and there was plenty of interest then!

Apathy at the polls Tuesday would indicate to those interested in such things that Narberth's citizenry was vitally interested last year in Smith versus Hoover, but that it doesn't give a snap of its fingers how the borough's officials administer its school, playground and Council government.

Councilmen Robert F. Wood, Daniel Leitch, Clarence Kaerber and John R. Hall seek nomination for re-election. Opposing them or two of them are H. L. Woehling and John A. Mowrer, Jr. Tax Collector Edwin P. Dold seeks re-election, opposed for the position by Mrs. Louise Voss Cockrill. For Mrs. Cockrill's vacated and responsible post of registry assessor in the first election district, Miss Emma L. Mueller opposes Frank A. O'Brien. These are the contests. In addition, Burgess Henry A. Frye is running for re-election, as are School Directors Kenneth L. M. Pray and Dr. LeRoy A. King, and several district election officers.

The only chance many citizens have to show their opposition or endorsement of policies of administration of their local government is that which comes once each two, four or six-year period. Narberth prides itself on its community spirit. Tuesday will give all citizens an opportunity to show it—100%.

## The FIRESIDE

With the return of the vacationists, activities for the fall commence in earnest, and whether it be school, office work, or social duties, everybody seems to be going places or doing things. Bridge clubs have started their weekly rounds (with more interest centered on one's par than on the game), and woman's club fall programs begun.

This week, as we tried to decide whether we should sit on the veranda or by the fireside, we heard of many interesting things... the bridge party given Monday afternoon by Miss Katharine Smith, of Old Gulph Road, was most delightful, with so many of the school set present.

The Albert C. Millers, of North Narberth Avenue, have returned from Peermount, N. J., where they spent the summer, and plan to spend the week ends down there during the pleasant fall weather. Miss Kitty Jane Miller returned from Camp Bueno, where she had spent the summer.

Mr. and Mrs. Harold M. Griest, of 314 Merion Avenue, are being congratulated on the birth of a son, Richard Mahlon Griest, on Saturday. Mrs. Griest, you know, was Miss Ebba Sjolholm, daughter of Mr. and Mrs. John Sjolholm, of 211 Iona Avenue.

Miss Ernestine B. Bacon and her mother, Mrs. J. A. Bacon, of Merion Avenue, have returned from a trip through New England and Eaglesmere.

The State Teachers' College at West Chester is, as usual, popular with many from here. To there have gone in recent years Miss Anna Sell, Miss Louise Caldwell, Miss Edith Matthy, Mrs. Marguerite Percy Maxwell, and among those who were on hand on registration day this week were Miss Elizabeth Terry and Miss Agnes Campbell, both graduates of this year's Lower Merion Senior class. Miss Florence Wilson also returned to West Chester this week for her final year. Miss Betty Otto, of Grayling Avenue, will enter Penn Hall, the school for girls at Chambersburg. Miss Anne Mode, formerly of Merion, who lives in Overbrook Hills in Merion, will enter Swarthmore College, and Miss Eleanor Michaelson, of Haverford Avenue, will continue her studies at Hood College, in Frederickburg, Md. Another local girl who has been going to Hood for the past year is Miss Dorothy Speck, of Woodbine Avenue. Miss Ellen Pray will leave early in October for the Sarah Lawrence Junior College, in Bronxville, New York.

Mr. and Mrs. Waiteman C. Stoehr, of Pittsburgh, were guests this week of Miss Lois Smith, of S. Narberth Avenue, and also guests of Mr. and Mrs. J. J. Jefferies, of Penn Wynne. Several small parties were given for the visitors.

Mr. and Mrs. Charles V. Noel and Mr. and Mrs. Charles A. Fletcher have returned from a trip to Canada, and Mr. and Mrs. George Fleck, of Grayling Avenue, returned Wednesday evening from a motor trip through New England.

Mr. Carl B. Metzger, Jr., of Gilpin Road, returned to the Narberth National Bank Monday after a vacation

in Maine.

Postmaster J. B. Nesper and Joseph P. White, Charles Funk and John Chain went fishing last Friday off Shipjohn Light, in Delaware Bay.

Mr. and Mrs. Wayne Burnside, of Iona Avenue, are vacationing in Summerville, at the other end of Montgomery County.

Mr. Charles J. A. Decker, 68 Wynndale Road, returned Monday from a European travel trip.

Mr. and Mrs. John J. Joyce, of Narbrook, Park, returned on Saturday from a stay in Ventnor, N. J., and at the other end of the town we find that Mr. and Mrs. J. D. Sutherland and daughters Barbara and Virginia, who live at 444 Woodbine Avenue, home from Martha's Vineyard, Mass., where they spent the summer.

Mr. and Mrs. William H. Creamer, Jr., of Merion Avenue, have returned from a fortnight's stay at Cape Cod.

Jane, Jerry and Betty Nash, daughters of Mr. and Mrs. A. Nash, are home from Camp Iroquois, N. H.

Mr. and Mrs. Bruce Carey, of Cleveland Avenue, closed their summer home in Canada this week and have returned home.

Miss Virginia Smith, of S. Narberth Avenue, will visit in Cleveland, Ohio, next week.

Mr. and Mrs. Osborne Graves, of Cleveland Avenue, have returned from their vacation spent in New England and the shore.

Elmer Lane, Jr., who has been in Charleston, S. C., during the summer, has returned to his home at 227 Iona Avenue.

Miss Betty Hartley, of Haverford Avenue, is the week-end guest of Miss Charlotte Chambers, of Ardmore, at the summer cottage of her parents at Tauton Lakes, New Jersey.

Mrs. S. E. Haigh, and her two sons, returned this week from Avalon where they had been occupying their cottage since early summer. Elsworth Haigh will leave next week for Venonah Military Academy, in New Jersey.

Mr. and Mrs. George A. Bailey and son, George Albert, Jr., of Narbrook Park, are enjoying a trip to Bermuda.

Mr. and Mrs. William B. Wise, of 208 Avon Road, have returned from a three weeks' motor trip through the New England States, New York and Pennsylvania.

Mr. and Mrs. D. E. MacCormick will return on the fifteenth from Camp Carnaig, Ellsworth, Maine, to their home on Brookhurst Avenue.

Mr. and Mrs. H. M. Berry, 27 Narbrook Park, are spending this month in Maine, and Mrs. A. E. Wohlert and family, also of Narbrook Park, are in Stone Harbor, N. J., until October. Mr. Wohlert will return this week-end from the shore.

Mrs. Annie Fleck, of Montgomery Avenue, and Mrs. Sally Lourey, of Hampden Avenue, are spending this week in Woodville.

Mr. and Mrs. Lewis W. Eastly, 7 Narbrook Park, are home after a very pleasant summer in Strathmore, N. J.

Mr. Michael A. Jennings, Jr., who was seriously injured in an automobile accident early last month, was brought home to 236 Forrest Avenue, Wednesday, from the hospital in Dover, Delaware, where he has been recovering.

Dr. and Mrs. E. A. E. Palmquist, 37 Narbrook Park, entertained at a house party in honor of their daughter, Miss Polly Palmquist, at their summer home on Cape Cod, the week-end of August 30. The guests were the Misses Esther and Alice Wilkins, of Boston; Ruth Hopkins, of Merion Avenue, Narberth; Mr. Arnold R. Knicker, of Cynwyd; Mr. Ralph Pennock, of Lynn, Mass.; Mr. Karl Hough, of Hingham, Mass.; and Mr. William R. Dohard, of Wynnewood Road, Narberth. The guests were given a delightful cruise to Minots Light, entertained at dinner at the Peacock Tea Room, Marshfield, Mass., by Mr. and Mrs. Frank E. Crawford, and enjoyed tea dancing at Meganasett. Their week-end was concluded by a dance at the Egyptian Room in the Hotel Brunswick Labor Day night.

Dr. and Mrs. Hoffman, with their two daughters, Helen and Betty, returned from Maine on Friday. Helen and Betty have been at Camp Bueno, in New Hampshire, for two months, where Helen was a counselor of the land sports. They joined their parents at Kennebunk Beach, when camp closed, and then all went to Pleasant Island camps in the Rangeley Lakes.

Mr. Walter Cowin and family have returned to their home on Merion Avenue after spending the summer on Lake Ontario near Rochester. The route home took them along the Hudson River and through the Catskills.

Engagements Announced  
Mr. and Mrs. Edwin P. Dold, 611 Shady Lane, announced the engagement of their daughter, Mary Virginia, to Mr. Robert Melville Patten, son of Mr. and Mrs. Fred C. Patten, at a luncheon and bridge party which they gave in her honor last Saturday.

Main Line Radio Club  
Hears of Ultra Short Waves  
A wet evening failed to dampen the enthusiasm of the members of the Main Line Radio Association who turned out in good numbers for the regular monthly meeting last Thursday evening at the club room in the American Legion building, Sutton Road, Ardmore.

A short talk by President Crisman on "ultra short waves" was the feature of the meeting. Many of the country's large laboratories are working in this particular field and are trying to find a method of transmitting solids by wire and wireless, Mr. Crisman explained.

The club will hold a cake sale on the Main Line on September 28 to increase the finances. As this sale will be handled entirely by men, it will be unique in the history of the Main Line.

Practice at the receiver and transmitter followed the business meeting.

## CLASSIFIED ADVERTISEMENTS

**General Notice**—Classified Advertisements will be charged only to residents of the Main Line whose names appear in the telephone directory; to persons maintaining an account with us, or to regular subscribers to either THE MAIN LINER, OUR TOWN, or NEWS OF BALA-CYNWYD.

**Rates**—10 cents a line in each paper; 25 cents a line in all three. Minimum charge, 35c in one paper; 75 cents in all three. Average of five words to the line. No blackfaced type used.

**Deadline for Insertions**—Classified advertisements will be accepted up to Wednesday, 5 o'clock for OUR TOWN or all three papers; Thursday, 1 o'clock, for THE MAIN LINER; Thursday, 5 o'clock for NEWS OF BALA-CYNWYD.

Phone Your Ads to ARDMORE 3100

Orchestra Conductor's  
Job Is in Rehearsals

CONTINUED FROM THE FIRST PAGE

on the minds of his players just what is his interpretation of the composer's idea. And this is the hardest part of his job. Not only is a rehearsal a mental strain, but it is actual physical labor. He has to exert all his strength to subjugate the minds of the artists.

"From every corner of the orchestra—the fiddles, the basses, the wind instruments—he must draw forth a sympathetic response, and mold first the minds, then the music of the players into a perfect whole.

"An orchestra conductor must impress his artists with the fact that he is a master mind—he must never lose their respect or he is helpless. Musically, every conductor must be an autocrat and rule with an iron will, because he is working with men who have strong minds and definite opinions of their own.

"And then, after he has successfully co-ordinated the will of the orchestra and convinced them that his is the true interpretation, he must convey to the public through the orchestra just what the composer meant to say to the world.

"If a conductor relaxes his will while he is rehearsing, the orchestra will lose the thread of his thought; if he relaxes during a program, the audience will lose contact with the music and, instead of sympathetic appreciation, he will inspire only bored inattention.

"Another problem is in arranging the programs. Every conductor must be a diplomat. "Mr. Vogel relaxed in his chair. "We have so many to please," he continued. "If we arrange a very simple melodic or emotional program, we will undoubtedly please the lay public, but we will be criticized by musical minds and condemned by the orchestra. If we become too technical, the musicians may

be pleased, but the audience is likely to be bored.

"One feels very important as an orchestra conductor," he admitted. "But one puts up a big fight to retain that importance."

## Foxx Will Umpire

Versatile Jimmy Foxx will umpire a game Sunday at Newtown Square, between the Square boys and Tioga A. C., according to an announcement made this week. The 22-year-old Maryland farmer boy, who has been engaged in professional baseball for five years, has played catcher, short-stop and first, second and third base for the Athletics, in addition to leading both leagues in batting.

**SUCCESSFUL MEN**

Successful men have no time to worry about their appearance. They buy clothes that they know are fashionably correct. That's why so many leaders wear Friendly Five's. Authentic styles, marvelous comfort—and a price that every man appreciates. The smart new line is here—styles to suit every individual. \$5.00 a pair. May we fit you?

## UNCLE CY'S COLUMN

## How to Grow Old

My intellect, if any, being about ten points below par today, you will have a maudlin sort of column. I started to quote the names of a few people who are known to write that sort of thing, but there must be ethics even among columnists.

Ladies and gentlemen and my friends, this week I should like to discuss with you the proper way in which to grow old. Having achieved a certain mellow maturity myself, why shouldn't I essay some words of advice to others who are following?

Here is a profound idea for a starter. Age is inevitable. It is natural. In itself it is painless. It can, and in rare cases, is pleasant. It should be wise, serene, helpful and happy.

I remember many years ago a speech I heard while I was in school. It is about the only speech I remember from that period, although I must have sat through thousands of them, at least hundreds. Some kindly old professor talked about the idea of cumulative happiness. He pointed out that his old cronies were wont to look back on their school and college days as "the happiest in our lives," and to deplore the advance of years. He said that if this were true there would be no point in living beyond the age of 22 or 24 at the most, and that if this situation were true every one would commit suicide at the end of the happy period.

Of course he was wrong, for man's instinct of self-preservation is his strongest. Otherwise why should we undergo tortures with appendices, teeth, stomachs and other unruly organs? Therefore, no one is going to remove himself just because life becomes less interesting. The psychologists, or many of them, assert that our second motivating instinct is to

get, and the process of acquisition is completed only with death, into which we cannot take any of the things which we so laboriously pile up in life. Third, they tell us, is our desire to beget, and that is a pleasure that is denied us after middle life, so, perhaps we should postpone our suicide till then.

Sugar-coated half-truths! If a person is keen and well life should hold out more each succeeding year. It has a spiritual and intellectual richness that rises to the top like cream after a long settling. Wisdom is cumulative and judgment is the gift of age, the product of experience. Ideas, inspirations, impulses, are the gift of youth; we need them to keep life keyed up. Balance is never achieved before forty and often never at all.

Friends and associates are worth more each succeeding year, and when one considers that we make perhaps fifty to a hundred new acquaintances a year, the group has a wonderful richness by the time we reach sixty that makes it possible for us to stand the hardships that accompany the joys. Now all of this has little to do with the title of "How to Grow Old." Very well, then, first of all do it naturally without thought; do it without trying to impress people with either your "young ideas" or with the weight of your years. There is nothing so tiresome or annoying as a self-centered, narrow, garrulous old man or woman. On the other hand, there is nothing more charming than wit, wide experience, abundant reading and keen intelligence of catholic tastes, together with general alertness and accompanied by a crown of white hair.

Go to the United States Supreme Court and gaze at the faces of the justices there; go into other high places where rulers and leaders may be found; go into scholarly cloisters; in all these and many other places you will find old people of vigorous minds and bodies who will be young and increasingly happy every minute of their stay here.

## ORDER AN OVERCOAT

For Your Heater—

and keep the heat inside, where it belongs.

If your heater is not insulated, it should be. Valuable heat units escape into the Cellar if a furnace is uncovered, which means wasted fuel.

The best "overcoat" we can recommend is an insulation of mineral felt, put over the surface of your heater. Mineral felt is made from Indiana Limestone put through a felting process. Tests made by the Bureau of Standards in Washington show that Mineral Felt rates next to a vacuum as an effective insulator. It comes in blocks which are pasted on the heater and fitted in with loose material, making a neat, attractive job.

For a very reasonable cost, then, we can make "to order" for your heater a desirable, mineral felt overcoat, natively painted white, that will keep heat in your fire-box instead of allowing it to waste itself on the cellar air. And "heat saved, means fuel earned."

For the convenience of those whose daily hours conflict with ours, but who would enjoy a few moments' informal discussion of individual problems I will be in the office every Friday evening from 7 to 9.

Ralph S. Dunne.

NARBERTH BALA-CYNWYD

## The PREP for Boys NOW \$4<sup>25</sup>

Size 11 to 6  
Tan or Black  
Bra-Grain

## formerly a \$5.00 shoe

Finally we've mastered the price problem  
in boys' shoes. Our "Prep" has been re-  
duced 75c, without sacrificing even one  
degree of its quality and style. But there's  
a harder-headed reason why the "Prep"  
appeals to parents. For thirty-five years  
the Geuting organization made a study of  
leathers and construction... double-check-  
ing each point of strain in a boys' shoe, in  
order to make possible the building of a  
shoe that would stand severe wear, yet en-  
courage virility and naturalness... It is  
this "double-wear" feature of the "Prep,"  
even more than the new low price, that ap-  
peals to the wise parents. For the test of  
time invariably proves that "Preps" reduce  
the shoe bill one-third in the long run.

1 E. LANCASTER AVE.—ARDMORE

### Tour to Delightful Resorts and Quaint Villages of Long Island Mapped by Keystone Auto Club

With its network of well-kept highways reaching into every part of delightful rural and shore resorts, Long Island offers a pleasant week-end journey or an extended vacation trip that will long be remembered by motorists. To the most attractive sections of Long Island the Keystone Automobile Club has mapped a tour that will amply repay motorists in many pleasant hours of travel and recreations.

"With its splendid beaches, excellent highways and well-kept State parks, Long Island has become the vacation playground of countless thousands," says Joseph Murphy, supervisor of the Ardmore branch of the club. "The south shore where the blue Atlantic forms a picturesque background, and the north shore, along the sound, with its wooded knolls and famous estates, makes a motor car journey a memorable event. Side trips lead inland to quaint towns and villages all rich in scenic and historic background."

From Ardmore the tour leads south in the Lincoln Highway to City Line Avenue, where a left turn carries the travelers through Fairmount Park. Owing to construction work in this vicinity detours have been provided that lead the travelers into Hunting Park Avenue to the Roosevelt Boulevard. At either Cottman Street or Robbins Avenue a right turn leads to Torresdale Avenue, where Levick Street is met and followed to the new Tacony-Palmira bridge that crosses the Delaware.

At North Pennsville a left turn into State route 25 carries the tourists around the congested traffic centers of Burlington and Bordentown to Trenton. Here a left turn into State route 26 leads in a similar manner to New Brunswick. From this point national route 1 is followed through Rahway to Elizabeth, where the new concrete highway is met. Over this route the tour leads direct to the entrance of the Holland Tunnel that passes under the Hudson River to New York. Crossing Manhattan the tourists reach the Williamsburg bridge, which is used to cross the East River into Long Island.

Entry into Long Island by this route permits tourists to reach excellent highways that parallel the Atlantic shore line. Through Ozone Park the conduit boulevard is reached and used to Rockville Centre. Here a right turn leads on a side trip to Long Beach. Eastward from Rockville Centre State route 27 carries the tourists through Freeport, Amityville, Babylon, Islip, Patchogue and Bellport, all attractive sections bordering the Great South Bay. From here the highway winds along the curving shore line through Brook Haven, Moriches and Eastport to Hampton Bays. Then passing over a narrow isthmus lying between Hampton Bay and Great Peconic Bay, the highway reaches the famous summer resort town of Southampton.

Water Mills is passed on the way to Bridgehampton. Here the State high-

way continues eastward through delightful country to Montauk, with its famous lighthouse of the same name on the extreme tip of Long Island five miles distant. From Bridgehampton a boulevard runs northward through Sag Harbor to Shelter Island and Dering Harbor, both attractive resorts. Crossing from Dering Harbor to Greenport the travelers reach State route 25, which leads back along the famous Long Island North Shore and passing many attractive resorts on the sound.

Through Southold and Cutchogue the highway leads to Riverhead. From here State route 25 may be followed through quaint inland towns to Lake Ronkonkoma, where the famous motor parkway is met and continues the inland trip straight through to Brooklyn. Beyond Riverhead, those who choose to use the north shore route homeward, will find State route 25A. This highway passes through Wading River to Port Jefferson. East Setauket, Stony Brook, Northport and Huntington are some of the attractive sections passed. Side trips to Cold Spring Harbor, Oyster Bay, Bayville and Locust Valley can be made from this point. From here State route 25 leads back through Brooklyn, where either the Queensboro bridge or the Williamsburg bridge can be used to cross into Manhattan, where the same highways on which the tour started can be easily reached.

"More than 700,000 persons travel by automobile in the region outside of Philadelphia on a normal week-day, the count revealed. They go to work, shop, school or recreation. The proportion and just where they go are being analyzed by the Federation."

Sign of Best Meats

#### Questionnaires Number 1

WHAT are the best meats in the Philadelphia Metropolitan area? Answer—Those carefully selected by the Bradley Market Company for the discriminating customers of its one and only place of business—2106-2108 Market Street, Philadelphia.

Call Rittenhouse 7070. We shall be glad to open a charge account. Trucks deliver our meat twice daily to your neighbors.

Pride  
in your home  
demands good heating

## Now... with the new low gas rates you, too, can enjoy modern AUTOMATIC GAS HEAT!

ISN'T this your idea of a well-heated home... completely automatic heat, reasonable in price, with definite assurance of convenience, comfort and cleanliness... no work, no supervision, no dirt?

You can have this when your home is gas-heated... and with the new low gas rates for this type of house-heating, you can have just such ideal conditions at a cost much lower than ever before.

Not only is the operating cost lower, but you can place your order now, with a small down payment. Have the installation made during the warm months, and pay nothing more until October 1st.

A telephone call to your District Office or mailing the coupon will bring a gas heating expert to make a heating survey of your home, and tell you just exactly what the installation will cost, and approximately what the operating cost will be. No charge or obligation for this service.

Tuesday, September 17:

8:00 P. M.—Meeting of the Teachers' Association at the home of Mr. and Mrs. H. Boardman Hopper, 315 Berkeley Road, Merion.

Wednesday, September 18:

8:00 P. M.—Prayer service. We are beginning a study of the life of Jesus according to the Gospel of Mark.

### Contests For Council Seats

#### Mark Primaries Tuesday

CONTINUED FROM THE FIRST PAGE

Mr. Dold, borough tax collector who is standing for re-election, is vice president of the Narberth Fire Company and has been associated with the troop committee and the Fathers' Association of the local Boy Scout Troop.

Messrs. King and Pray, candidates for school directors, are listed on both Republican and Democratic ballots, without opposition, so their re-election is assured.

Emma L. Mueller, Windsor and Forest Avenues, will oppose Frank A. O'Brien for the post of registry assessor in district number one. In the third district Virginia M. Smith and Addison H. Durboraw will contest the post of Inspector of Election.

Other unopposed candidates are:

Auditor—Republican—Isaac McHose.

District No. 1—Judge of Election—Republican—Ralph E. Seaboldt.

Inspector of Election—Republican—Robert A. Mueller.

Second District—Registry Assessor—Republican—Ella R. Murray.

Third District—Judge of Election—Republican—Baird Caldwell.

Registry Assessor—Republican—Mary Livingston.

### To Dance in Orient

Miss Sara D. Ferris, of Cynwyd, will sail Friday, September 13, for Beirut, Japan, and possibly India, where she plans to introduce American dances and study the national dances of the countries she visits.

No. 261.

## AN ORDINANCE

Requiring the owners of properties abutting on the westerly side of Wynnewood Avenue to construct curbing according to certain specifications. The Council of the Borough of Narberth does ordain:

Section 1. That the owners of properties abutting on the westerly side of Wynnewood Avenue, between the southerly side of Montgomery Avenue, and the northerly side of Wynnewood Road are hereby required to construct curbing in accordance with grades and lines to be established by the Borough Engineers.

Section 2. That the said curbing shall be constructed of concrete and have a depth of eighteen (18) inches with a width of six (6) inches at the top and eight (8) inches at the bottom.

Section 3. That the said work shall be done before or simultaneously with the resurfacing of said Wynnewood Avenue, and within thirty (30) days after the passage of this ordinance.

Section 4. That in the event of the failure of any of the said property owners to comply with the provisions of this ordinance within the time specified, the Borough shall proceed with said construction, the cost thereof including grading and a penalty of ten (10) per centum to be collected as provided by law.

Section 5. That all ordinances and parts of ordinances inconsistent herewith be and the same are hereby repealed.

Passed this 9th day of September, A. D. 1929.

DANIEL LEITCH,  
President of Council.

Attest:  
CHAS. V. NOEL,  
Clerk of Council.

Approved this 9th day of September, A. D. 1929.

HENRY A. FRYE,  
Chief Burgess.

## A RESOLUTION

No. 259

Defining the powers and duties of the Recreation Board of the Borough of Narberth as submitted by the Board to the Council of the Borough of Narberth in a communication dated September 9, 1929.

WHEREAS, when arrangements had been made by the Borough of Narberth to acquire a tract of land at Windsor and Wynnewood Avenues, to be used as a public playground, the Borough Council, by resolution, on October 9, 1922, did express the desire that said playground be graded, laid out, equipped and administered by a Commission to be appointed by the Burgess, and did thereupon request the

Burgess to appoint such a commission of five citizens to receive, improve and administer said playground from the date that the property passed to the borough; and

WHEREAS, Burgess Carl B. Metzger, in accordance with that resolution, and in conformity with the provisions of the Act of Assembly approved May 11, 1921, P. L. 484, did appoint a Recreation Board, consisting of five citizens, of whom two were members of the School Board, which Recreation Board, by subsequent appointment of Burgess Metzger and Burgess Frye, his successor, has continued to exist and to exercise certain powers and functions originally vested in such Board by law; and

WHEREAS, the Board of School Directors of the School District of Narberth under authority granted by the School Code and by the Act of May 11, 1921, P. L. 484, has from time to time joined with the Borough in equipping, operating and maintaining playgrounds and has appropriated money therefor; and

WHEREAS, it is the desire of this Council that a suitable recreation program be continued and developed under the direction of the Recreation Board and with the support and co-operation of this Borough Council and of the School Board; and

WHEREAS, the Recreation Board has submitted to Council a report upon said Board's Powers, Duties, Functions and Relations to Other Bodies, containing and recommending a certain Plan of Organization and Operation of that Board, with the request that this Council, in concurrence with the School Board, approve such Plan, as the basis of future co-operation and appropriations in support of a suitable recreation program;

THEREFORE BE IT RESOLVED, that the said report of the Recreation Board, signed by all its members, be accepted and approved and spread upon the minutes of this Council, and, specifically,

BE IT RESOLVED, that it is the understanding and wish of this Council, in concurrence with the School Board, that the Recreation Board is, and was intended to be, the active responsible arm of the Borough government for the guidance, supervision and administration of the public recreation facilities; that its powers and functions extend not merely to the supervision of the use of grounds and buildings upon the request or initiative of others, but also to the active initiation of plans for the development of recreation facilities, and the direct execution of such projects as command the approval and financial support of those bodies that have the power to appropriate money for the purpose; that though the Board be dependent upon Council and the School Board for financial support, expenditures for recreation purposes (as distinct from the ordinary cost of maintenance of the Community Building, such as heat, light and janitor service) should be planned, approved and authorized in detail by the Board, which should stand responsible to the community for the expenditures thus incurred or proposed, in order that the recreation program as a whole may be known to and judged by the citizens of Narberth, and may be developed with their understanding, co-operation and support; and

BE IT FURTHER RESOLVED, that this Council do approve the following procedure and method of operation, to be followed by the Board in the discharge of its responsibilities:

a. That the Board shall annually prepare an itemized budget of expenditures for the next ensuing year, deemed desirable and necessary for the proper equipment, maintenance and operation of the playground at Windsor and Wynnewood Avenues, and any other grounds or buildings, or parts of buildings, now or hereafter owned or controlled by the Borough or the School District, and designated by the proper authority for recreation purposes;

b. That the Board shall submit this budget to the Borough Council and the School Board, with a request to each body to appropriate a specific sum of money, sufficient in the aggregate to meet the budget submitted;

c. That these appropriations be made payable upon requisition of the properly authorized officers of the Recreation Board, accompanied by properly audited and approved bills;

d. That all employees be employed and supervised by the Recreation Board and paid from appropriations allocated for this purpose, excepting as the Recreation Board may unite with the School Board in employing jointly a Director of Physical Education and Recreation, who shall, however, during the summer months, be under the supervision and direction of the Recreation Board;

e. That the Recreation Board shall draw up and submit, for approval of Borough Council and School Board, and for subsequent publication to the citizens of the Borough, such necessary rules and regulations for the care and use of recreation grounds and buildings, or parts of buildings designated for recreation purposes, as may be necessary or desirable, such rules and regulations to be subject to, and to include, any present and permanent understandings, contracts or agreements with respect to such care and use;

f. That the Recreation Board shall devise and submit for public discussion and for consideration by Borough Council and School Board, an adequate plan for the development and use of existing grounds and buildings, or parts thereof designated for recreation purposes, and for such additional facilities as may seem desirable, together with a total and itemized approximate cost of such facilities and their operation and maintenance.

g. That this plan, subject to such changes from time to time as may be deemed wise or necessary to meet changing conditions, shall form the basis of annual budget, requests for annual appropriations, and plans of activity, it being the purpose of the Board to recommend the realization of the plan gradually, bringing such parts to consummation in any year as seem feasible and desirable under the circumstances;

h. That the Recreation Board shall prepare and submit to Borough Council and to the School Board, and publish for the information of citizens, an annual report of the operations and accomplishments of the year's program, with a detailed statement of the financial expenditures incurred under appropriations of Council and the School Board or paid from other sources, in such form that it may be made available for the use of the auditors, in their annual audit of borough and school district finances;

i. That the Recreation Board solicit the advice and assistance of competent leaders in this field in the management of all its activities, and ask the co-operation of borough and school authorities, to the end that all public recreation plans or projects, involving the use of public property or the co-operation of public authorities, be referred to the Recreation Board for consideration and report, before being entered upon or authorized;

j. That it be the avowed purpose and policy of the Recreation Board so to conduct its tasks and discharge its responsibilities that every citizen and organization in the Borough may enjoy and freely use on equal terms, so far as circumstances permit, the public recreation resources and facilities of the Borough.

## Tomorrow and Saturday

Where we welcome our customers at Philadelphia's Front Door with Quality Merchandise

**W**E THANK the public for generous and enthusiastic attendance at the opening of our seven new stores, and express our sincere appreciation to the merchants of both Garrett Road and 69th Street for their cordial welcome and good wishes. It is with great pride and a sincere effort to serve that we join this great business community at Philadelphia's front door. To emphasize this fact we offer some wonderful introductory values for tomorrow and Saturday.
